

## **2025 Performance Measurement Report**

### **Performance Goal One:**

To use Agency incentives, programs, and policies to help businesses grow and expand in Onondaga County.

Onondaga County has immense potential for attracting new businesses. Our goal is to work together to create an environment that's conducive to growth and innovation.

### **Project Activity:**

- Closed on 5 projects (1 residential project, 3 expansion/improvement projects, and 1 new construction manufacturing project)
- Combined total capital expenditure: \$238,209,806
- Combined total job creation: 193

### **Performance Goal Two:**

OCIDA shares a common vision with the departments and agencies of Onondaga County for future development.

### **Collaboration:**

Regular collaborative meetings between OCIDA and Onondaga County Planning, Community Development, Water Environment Protection, Water Authority, and Department of Transportation were held to jointly assess projects in accordance with the objectives outlined in the goals of County Government.

### **Performance Goal Three:**

The Agency performs its duties in a cooperative and efficient manner through proactive open communication with its economic development partners, businesses, municipalities, and local communities.

### **Public Meetings Held:**

The Agency conducted 33 public meetings.

### **Conferences:**

The Agency attended 2 New York State Economic Development Conferences

- Discussed best practices with other Agencies
- Learned about new economic development initiatives and funding resources
- Connected with economic development partners to strategically identify and pursue new business opportunities
