Alexis Rodriguez asked if there was anyone who would like to speak in opposition of the proposed project. The following comments were made.

Chris Russo, Town of Geddes Assessor

“I’m Chris Russo with the Town Assessor’s office and one of the statements you made, “for the benefit of the owner”, I just don’t understand why there has to be a benefit to the owner when we should be thinking about the benefit to the Town. What is the Town’s benefit, because as far as I’m concerned, I don’t see one.”

Alexis Rodriguez noted to Chris Russo that this public hearing is for public comment and would be happy to discuss the details of the project after the hearing is completed.

Susan Lafex, Town of Geddes Supervisor

“I will defer to most of the comments that my assessor, who is studying this, will be sharing with you later, but I would allow the County to consider that we are already a stressed community as far as taxes go. We had just downsized Crucible, which was a major revenue source for us as far as taxes go. So, I’m asking you to carefully think about this. We certainly welcome new business, we want business, however we can’t continue to take business if we can’t gain some revenue from it or get some fair revenue from it. We’re asking you to really carefully consider this. Thank you.”

David Balcer, Town of Geddes Code Enforcement Officer

“I’m aware that United Auto Parts currently rents a large portion of a building on the corner of Farrell Road and John Glenn Boulevard from Widewaters where they’re storing a lot of parts, and a lot of people are working. So my question is, I believed that this expansion was getting

W.B. Mason out of their current building to move that stuff to this building and bring those employees to this building so they don't have to rent the building from Widewaters. I don't know if this is known, but the increase of jobs at this site might just be a transfer from one location to another."

Alexis Rodriguez asked if there was anyone who would like to make general comments about the proposed project. No comments were made.

Alexis Rodriguez noted for the record that the Agency has not received public written comments on the project.

Alexis Rodriguez closed the public hearing at 3:07 PM.
