Regular Meeting Agenda
December 11, 2025

Call to Order the Regular Meeting of the Agency

- A. Approval of Regular Meeting Minutes: November 13, 2025
- B. Approval of Special Meeting Minutes: November 18, 2025
- C. Treasurer's Report
- D. Payment of Bills
- E. Conflict of Interest

Action Items:

1. Cameron Hinsdale, LLC (Project #3101-25-05A)

The applicant is proposing to construct a mixed-use residential building/s consisting of roughly 180 units and a total of roughly 50,000 sq. ft. of commercial space in the Town of Camillus.

Agency Action Requested:

- a. A resolution of the Board authorizing a public hearing.

Representative: Joe Goethe

2. Committee Appointments

Agency Action Requested:

- a. A resolution of the Board appointing Elizabeth Dreyfuss to the Governance Committee.

3. Bid Award: White Pine Commerce Park Demolition

The Agency is proposing to accept the bid of a Company to complete site clearance services of vacant Agency owned structures at White Pine Commerce Park.

Agency Action Requested:

- a. A resolution of the Board authorizing the Executive Director to accept a bid and enter into one or more agreements for site clearance services with a Company for site clearance services at White Pine Commerce Park.

Representative: Robert Petrovich, Executive Director

4. National Grid – Easement Authorization

The Agency wishes to grant an easement to National Grid over portions of lands owned by the Agency for the purpose of installing a natural gas line and other related facilities.

Agency Action Requested:

- a. A resolution of the Board authorizing the execution of an easement in connection with property located at 5064 State Route 31 for natural gas service and facilities.

Representative: Robert Petrovich, Executive Director

5. Onondaga County Water District – Easement Authorization

The Agency wishes to grant an easement to the Onondaga County Water District over portions of lands owned by the Agency for the purpose of constructing and maintaining pipelines for the distribution of water.

Agency Action Requested:

- a. A resolution of the Board authorizing the execution of an easement in connection with property located on the easterly side of Caughdenoy Road for the purpose of constructing and maintaining pipelines for the distribution of water.

Representative: Robert Petrovich, Executive Director

6. Discovery Center of Science and Technology – Easement Authorization

Agency Action Requested:

- a. A resolution of the Board authorizing execution of an easement agreement and any related documents in connection with the granting of a non-exclusive easement to the City of Syracuse.

Representative: Amanda Fitzgerald, Agency Counsel

7. EDPL – SSO Properties

Agency Action Requested:

- a. A resolution of the board adopting the New York Eminent Domain Procedure Law 204 Determination and Findings Regarding Potential Acquisition of Property Interest by purchase or eminent domain and related actions for the Micron New York Semiconductor Manufacturing LLC Project.

Representatives: Jeffrey Davis & Mark McNamara, Agency Counsel

- 8. PSL of Fayetteville LLC & Fayetteville MC Owner (3101-22-09A) Modification Meeting**
PSL of Fayetteville LLC & Fayetteville MC Owner are requesting an increase to their mortgage recording tax exemption amount from \$92,326 to \$115,500.

Agency Action Requested:

- a. A resolution of the Board authorizing an increase of the mortgage recording tax exemption for PSL of Fayetteville LLC & Fayetteville MC Owner.

Representative: Amanda Fitzgerald, Agency Counsel

9. Executive Session

10. Litigation Settlement Agreement

Agency Action Requested:

- a. A resolution of the Board authorizing the adoption of a SEQRA determination for the acquisition of property.
- b. A resolution of the Board authorizing execution and delivery of a settlement agreement which includes termination of an Occupancy Agreement and acquisition of lands on Caughdenoy Road designated as Tax Map No. 047.-01-14.4.

Representative: Jeffrey Davis, Agency Counsel

Adjourn

**Regular Meeting Minutes
November 13, 2025**

A Regular meeting of the Onondaga County Industrial Development Agency was held on Thursday, November 13, 2025, at 335 Montgomery Street, Floor 2M, Syracuse, New York.

Patrick Hogan called the meeting to order at 8:30 AM with the following in attendance:

PRESENT:

Patrick Hogan
Susan Stanczyk
Elizabeth Dreyfuss
Cydney Johnson
Leslie English

ABSENT:

Fanny Villarreal
Garard Grannell

ALSO PRESENT:

Approval of Meeting Minutes: October 23, 2025

Upon motion by Susan Stanczyk, seconded by Elizabeth Dreyfuss, the Board approved the Regular meeting minutes of October 23, 2025. Motion was carried.

Approval of Meeting Minutes: November 7, 2025

Upon motion by Susan Stanczyk, seconded by Cydney Johnson, the Board approved the Special meeting minutes of November 7, 2025. Motion was carried.

Treasurer's Report:

Nate Stevens gave a brief overview of the Treasurer's Report for the month of October 2025.

Upon motion by Elizabeth Dreyfuss, seconded by Cydney Johnson, the Board approved the Treasurer's Report. Motion was carried.

Payment of Bills:

Nate Stevens gave a brief overview of the Payment of Bills.

Upon motion by Leslie English, seconded by Elizabeth Dreyfuss, the Board approved the Payment of Bills. Motion was carried.

Action Items:

1. Cameron Hinsdale, LLC (Project #3101-25-05A)

The applicant is proposing to construct a mixed-use residential building/s consisting of roughly 175 units and a total of roughly 50,000 sq. ft. of commercial space in the Town of Camillus.

Joe Goethe explained that the Applicant is proposing a mixed-use project, directly across the street from Township 5 on Hinsdale Road. He noted that the project aligns with Plan Onondaga, as well as the pro-housing community of Camillus.

J. Goethe noted that the project is receiving a PUD (planned unit development) for the project to make it mixed-use, which fits into the comprehensive plan of Camillus. The project is taking place on 20 acres, mostly owned by the Christ Community Church of the Nazarene, which is currently religiously exempt from property taxes. The five parcels directly across from Township 5 on Hinsdale Road will also be part of the proposed project and PUD.

J. Goethe noted that the original project was approximately 170 multi-family apartments consisting of 30-35 townhouses, and one- or two-bedroom apartments. The project has now increased the units from 170 to 232 and the retail component has been reduced.

J. Goethe noted that the Applicant has increased the number of workforce units to 46 (20%).

J. Goethe advised that they will be putting in a town road, off-site infrastructure, an interchange in between Township 5 and this project, and pedestrian walkways, to ensure that the project aligns with Plan Onondaga's identification of an emerging center.

J. Goethe explained to the Board that they're looking for a negative declaration to move forward with the PUD. The Town (of Camillus) is going to take an action and has had public hearings at the last three meetings. The Town plans on closing the public hearing and making this a PUD zone change on November 25th and will recommend it back to the planning board for planning discussions.

J. Goethe noted that there were few issues received from Agency letters. J. Goethe noted that County DOT (Marty Voss) provided a response on November 12.

J. Goethe noted that Gordon Stansbury has done a traffic study and advised that the change in the scope from 170 units to 232 units will improve the overall traffic issues because it will reduce it due to the commercial aspect of the project.

Susan Stanczyk asked if the 20 acres being acquired from the church, that are currently tax exempt, will eventually go back on the tax rolls.

J. Goethe responded yes.

S. Stanczyk inquired how much of the units are workforce housing.

J. Goethe responded that there will be 20% workforce housing.

S. Stanczyk asked if the retail portion has been reduced since the original plan.

J. Goethe confirmed that the retail portion of the project has been reduced.

Patrick Hogan asked if the AMI for the workforce housing is 80%.

J. Goethe confirmed that the AMI is 80%.

R. Petrovich noted to the Board that the action put forth today is for SEQR. The Agency staff is currently vetting the application and there is no proposal that has been put forward yet for any incentives.

Sarah Spencer advised that her team at Bond Schoeneck & King was tasked with the environmental review for this project.

S. Spencer advised that no other Agency can take action on the project until the SEQR review is complete.

S. Spencer noted that the Agency received an application in August 2025 and determined that a coordinated review must be conducted. At the September 11 meeting, the Agency adopted

a resolution with its intent to serve as lead Agency, preliminarily classifying the project as a Type I action under SEQR. Following that meeting, Bond Schoeneck & King sent coordination letters to all potentially involved and interested agencies, requesting comment, sharing the project details, and Part I of the Environmental Assessment Form (EAF). The agencies had 30 days to respond with comments, consent for the Agency to act as lead Agency, or opposition to that role.

S. Spencer noted that the Agency received letters from NYS DOT and Onondaga County DOT, Department of Environmental Conservation (DEC), Office of Parks and Recreation and Historic Preservation, and Onondaga County Department of Water and Environmental Protection (WEP).

S. Spencer noted at the October 23 meeting, the Agency officially classified the project as a Type I action under SEQR. After that meeting, the project was revised slightly to include the two additional parcels on Hinsdale Road. After receiving this revision, Bond Schoeneck & King sent updated letters to the potentially involved and interested agencies with the updated concept plan, requesting additional comments. The Agency did not receive any additional comments on that change.

S. Spencer noted as the Applicant previously stated, the project scope was revised to include additional residential units and fewer retail buildings. S. Spencer stated that they do not believe that this change has an impact on the project in terms of Agency coordination because the footprint of the project will remain essentially the same, and they did update the analysis to look at things like traffic, the issues that were important in their original analysis, and how the residential change will impact those environmental concerns.

S. Spencer noted that the application was reviewed with the Applicant when it was first received. They requested updates to Part I of the EAF and to clarify items or request additional details. Counsel and the Agency met with the Applicant on multiple occasions to discuss the project and request additional information. Counsel and the Agency have also spoke with the Town Attorney about their review process.

S. Spencer advised that they have also coordinated with other agencies via email, letter, and phone calls. They have reviewed the minutes from the Town's public hearing and there were very few comments, all of which were minor.

S. Spencer advised that the Agency is not required to hold a public hearing for SEQR on this project because there is no EIS (Environmental Impact Statement).

S. Spencer noted that they also reviewed Onondaga County's Planning Department recommendations that were issued to the Town as part of their zone change application process and there was nothing concerning in those recommendations that won't be accounted

for in the remaining review process. They reviewed the various comprehensive plans: Onondaga County's Housing, Plan Onondaga, Town of Camillus Comprehensive Plan, Metropolitan Transportation Council's Plan, the bus system routes, public transport to the project site, the NYS Energy Plan, and disadvantaged community mapping, which is now required under the environmental review process.

S. Spencer advised that the next steps for the Agency is to review and complete Part II of the EAF, which takes Part I and all of the due diligence that the Agency has done and classifies each environmental impact as small or no impact, or moderate or large impact.

S. Spencer noted that they identified 3 potentially moderate impacts. One was to traffic due to the size of the development and the need for updated infrastructure surrounding the site. The second was for energy use, because the number of units and the square footage that will be heated and cooled as part of the project. The third was impacts to community resources such as schools, fire, or police. Those are noted on Part II of the EAF.

S. Spencer asked if any Board members had any questions on Part II of the EAF that they would like to discuss.

No questions were raised.

S. Spencer noted that Part III of the EAF is the analysis document. It was noted that there were a few changes made to the document, based on the letter that the Agency received the day prior from Onondaga County Department of Water Environment and Protection, relating to the sewer facilities at the site.

S. Spencer explained that this analysis goes through each of the impacts. Whether or they noted that they would be small or moderate, they analyzed all of them the same way to be thorough. The document discusses the impacts and the process thus far and is a very thorough explanation of the review the Agency has done.

S. Spencer advised that they ultimately concluded that there will be no adverse environmental impacts from the project and recommended adopting a negative declaration.

R. Petrovich questioned S. Spencer if that recommendation and conclusion includes the updated comments from WEP.

S. Spencer responded yes. She also noted that the Agency has a record of all of the documents compiled, which include the Agency responses, and all the various plans that have been reviewed supporting the determination today.

Patrick Hogan read the Agency action requested, “A resolution of the Board issuing a negative declaration under SEQRA.” Motion was made by Susan Stanczyk, seconded by Elizabeth Dreyfuss. Motion was carried.

2. Public Relations/Marketing Services – Contract Authorization

R. Petrovich advised that the Agency is currently under contract with ABC Creative Group, who has been providing support services in terms of marketing, public relations, and other support to the Agency, relative to the projects that are being put forward and initiatives that are being executed by the Agency, specifically relating to Micron, supply chain, and other projects of substance.

R. Petrovich advised that for planning purposes the existing contract with ABC should be increased by \$70,000 for the rest of 2025 and all of 2026 for those types of support services.

Patrick Hogan read the Agency action requested of, “A resolution of the Board increasing the contract with ABC Creative Marketing Group in an amount not to exceed \$70,000 for public relations/marketing services to communicate the Agency’s objectives.” Motion was made by Elizabeth Dreyfuss, seconded by Cydney Johnson. Motion was carried.

3. Lease Agreement Authorization

The Onondaga County Department of Water Environment Protection is requesting to lease and eventually purchase a portion of property located at 5064 State Route 31 in the Town of Clay, owned by the Agency to undertake certain activities consistent with its Oak Orchard municipal sewer expansion project.

R. Petrovich recalled for the Board that the Agency owns property at the corner of Caughdenoy Road and Route 31, south of that intersection and east of that intersection. In support of development that will occur in that area, WEP has initiated a pump station project to provide sewers not only for the Micron campus, but others in the immediate service area. That project is underway. This is to ultimately “carve out” a portion approximately 1.13 acres of that land that WEP will own and be transferred from the Agency to WEP, so that they can maintain their facility in the future and provide sewer services to the immediate area.

R. Petrovich advised that there is an appraisal supporting the value of the land, and WEP has been made aware of the cost. It is a 15-year lease. The total dollar amount is approximately \$190,000 over that 15-year period. If at any time WEP chooses to execute on the lease to own it, they can exercise the option to acquire the property from the IDA.

Patrick Hogan read the Agency action requested, “A resolution of the Board authorizing the lease and sale of property located at 5064 State Route 31 in the Town of Clay to the Onondaga County Department of Water Environment Protection in connection with the development of land in the Town of Clay, and execution of documents in connection therewith, subject to compliance with the Public Authorities Law requirements.” Motion was made by Susan Stanczyk, seconded by Leslie English. Cydney Johnson abstained. Motion was carried.

4. Committee Appointments

Patrick Hogan read the Agency action requested, “A resolution of the Board appointing Leslie English to the Audit Committee.” Motion was made by Susan Stanczyk, seconded by Cydney Johnson. Motion was carried.

Patrick Hogan read the Agency action requested, “A resolution of the Board appointing Patrick Hogan as Chair of the Audit Committee.” Motion was made by Susan Stanczyk, seconded by Cydney Johnson. Motion was carried.

Motion to adjourn was made by Susan Stanczyk and seconded by Elizabeth Dreyfuss at 8:50 AM.

**Special Meeting Minutes
November 18, 2025**

A Special meeting of the Onondaga County Industrial Development Agency was held on Tuesday, November 18, 2025, at 401 Montgomery Street, Room #407, Syracuse, New York.

Patrick Hogan called the meeting to order at 9:38 AM with the following in attendance:

PRESENT:

Patrick Hogan
Elizabeth Dreyfuss
Leslie English
Fanny Villarreal
Cydney Johnson

ABSENT:

Susan Stanczyk
Garard Grannell

ALSO PRESENT:

Robert Petrovich, Executive Director
Nate Stevens, Treasurer
Alexis Rodriguez, Secretary
Robert Schoeneck, Assistant Treasurer
Evan Carter, Assistant Secretary
Jeffrey Davis, Esq., Agency Counsel
Amanda Fitzgerald, Esq., Agency Counsel

Prior to addressing the agenda at hand, Patrick Hogan wanted to thank the County Legislature and County Legislative Chairman, Tim Burtis, for allowing the Agency to use the Chambers. He also welcomed County Legislator-Elect, Chad Ryan, and County Legislator Charles Garland.

Action Items:

1. Micron New York Semiconductor Manufacturing LLC

Robert Petrovich read the following remarks to be put into the record:

The resolution before the Board today marks the conclusion of the Agency's more than two-year review of the proposed Micron project under the State Environmental Quality Review Act, known as SEQRA. On June 14, 2023, along with its application for financial assistance,

Micron submitted to the Agency a full environmental assessment form, otherwise known as an EAF, in accordance with the mandates of SEQRA that commenced the environmental

review of the proposed Micron project. The proposed Micron project includes, among other things, the acquisition of an interest in all or a portion of approximately 819 acres of land located at the westerly side of Burnet Road and the construction of two, approximately 1.2 million square foot memory fabrication facilities.

Micron also proposes to construct a rail spur and construction material conveyance facility to reduce truck trips and support construction of the Micron campus, a childcare center, a healthcare center, and a recreation center to serve its employees, and to lease existing warehouse space within 20 miles of the Micron campus.

In order to ensure that the potential environmental impacts associated with the full build-out of the Micron campus were fully evaluated, Micron's EAF also covered both the project as described in Micron's application to the Agency, as well as the construction of all four fabs, the rail spur site, and childcare site. The Agency completed parts II and III of the EAF, declared itself lead agency, and on September the 14th, issued a positive declaration indicating the need for an environmental impact statement (EIS). From then on, the Agency spent the next two years evaluating the potential environmental impacts of the proposed Micron project, as well as various connected actions associated with the utility and infrastructure improvements necessary to meet the proposed Micron project's electricity, natural gas, water supply, wastewater, and telecommunications needs.

As part of this process, the Agency worked closely with the CHIPS Program Office, as well as numerous SEQRA-involved and interested agencies, as well as various federal cooperating and participating agencies to prepare a Draft EIS and then the Final EIS that the Agency and the CHIPS program office separately adopted on November 7, 2025.

This process included multiple opportunities for the public to participate, both with respect to identifying the topics to be studied in the EIS, and also on the contents of the Draft EIS. It also included significant coordination and consultation with key federal and state agencies, including the United States Army Corps of Engineers, the United States Fish and Wildlife Service, the United States Environmental Protection Agency, the New York State Department of Environmental Conservation, New York State Department of Transportation, and the New York State Office of Parks and Recreation and Historic Preservation. These agencies actively participated in the environmental review of the proposed project and offered their technical advice within the agency's areas of expertise.

Ultimately, the Final EIS identified both short-term construction-related activities and long-term impacts associated with the preferred action alternative and the no action alternative. Some impacts were determined not to be significant based on avoidance and minimization

measures. These resource areas included, by way of example, geology, land use, air emissions.

Other impacts were found to constitute a significant adverse impact. These included, for example, greenhouse gas emissions, traffic, noise, and wetlands. For these resource areas, mitigation measures were considered and identified to the maximum extent practicable.

Notwithstanding, as described in the Final EIS, the proposed Micron project will result in certain unavoidable adverse environmental impacts. These include, but are not limited to, (1) the permanent loss of approximately 193.38 acres of federal jurisdictional wetlands. Approximately 174.77 acres of which are state jurisdictional wetlands, and approximately 10.5 acres of non-jurisdictional wetlands, (2) the loss of most of the existing stream channels currently located in or on the Micron Campus site and the Rail Spur site, (3) the loss of certain ecological communities, (4) an increase in greenhouse gas emissions in the five-county area and New York State, (5) significant effects to traffic at certain intersections, and six, unmitigated traffic-related noise.

Following the Agency's issuance of the Final EIS, agencies and the public were afforded a reasonable time period to consider the Final EIS. The Agency is now responsible for issuing its findings statement in accordance with SEQR.

As part of this analysis, the Agency held additional working group sessions to consider these environmental impacts as presented in the Final EIS, and the various social, economic, and other essential considerations for which to conduct the required balancing under SEQR. The Agency found that the preferred action alternative will complete the anticipated development of the White Pine Commerce Park, bringing its vision to reality and creating numerous benefits for state and local governments in the form of capstone developments that are regional destinations, increase tax revenue, and additional economic growth, as well as fulfilling a need for domestic semiconductor industry growth in the United States.

The Agency also determined that the proposed Micron project will create new infrastructure in an industry and manufacturing facility of local, state, and national importance, investment in workforce development, hundreds of construction jobs, and thousands of permanent full-time positions, and increase sales tax revenue, and thereby advance the job opportunities, health, general prosperity, and economic welfare of the people of the County of Onondaga and the state of New York.

Presented with the foregoing, and following numerous workshop sessions over the last two and a half years, and taking into account public comments and the input of numerous stakeholders and federal and state agencies with relevant expertise, the Agency carefully and diligently considered the preferred action alternative and other reasonable alternatives available, and has considered in detail the social, economic, fiscal, land use, and other

relevant factors as well as the reasonably anticipated environmental impacts and measures to avoid, minimize, and mitigate impacts of the preferred action alternative, and reasonable

alternatives available. The Agency also has weighed and balanced all relevant environmental impacts with appropriate social, economic, and other considerations.

The resolution before the Agency, adopting the finding statement, would therefore select the preferred action alternative for construction and operation of the Micron Semiconductor Manufacturing Project. The resolution would further certify that the preferred action alternative is the alternative that, consistent with social, economic, and other essential considerations, avoids or minimizes potential significant adverse environmental impacts to the maximum extent practicable, and that such impacts will be avoided or minimized to the maximum extent practicable by incorporating as conditions, those mitigating measures that are identified in the Final EIS as practicable.

Patrick Hogan read the Agency action requested, “A resolution of the Board approving the issuance of a findings statement pursuant to the State Environmental Quality Review Act for the Micron New York Semiconductor Manufacturing LLC Project.” Motion was made by Fanny Villarreal, seconded by Elizabeth Dreyfuss. Motion was carried.

2. Property Disposition Authorization

The Agency desires to lease and/or sell all or a portion of approximately 819.92 acres of real property located on Burnet Road, Caughdenoy Road and State Route 31 commonly referred to as the White Pine Commerce Park in the Town of Clay, Onondaga County, New York to Micron New York Semiconductor Manufacturing LLC for a sale price of \$30 million.

R. Petrovich informed the Board that in order for Micron to advance this project, they need to acquire this property, which has been part of the ongoing process to develop this project and to allow for construction to begin. The Agency is seeking the Board’s approval to initiate the process of the 90-day notice and effect the Agency’s Property Disposition Policy in support of this project.

Patrick Hogan read the Agency Action Requested of “A resolution of the Board authorizing the lease and/or sale of all or a portion of approximately 819.92 acres of real property located on Burnet Road, Caughdenoy Road and State Route 31 commonly referred to as the White Pine Commerce Park in the Town of Clay, Onondaga County, New York to Micron New York Semiconductor Manufacturing LLC, and execution of documents in connection therewith, subject to compliance with the Public Authorities Law requirements.” Motion was made by Elizabeth Dreyfuss, seconded by Leslie English. Motion was carried.

3. Micron New York Semiconductor Manufacturing LLC (Project #3101-23-07A)

Micron New York Semiconductor Manufacturing LLC is proposing to construct and operate two large-scale, state-of-the-art dynamic random-access memory (DRAM) semiconductor manufacturing facilities at the White Pine Commerce Park in the Town of Clay. Each fab will occupy approximately 1.2 million sq. ft. of land and contain approximately 600,000 sq. ft. of semiconductor cleanroom manufacturing space. The fabs will be supported by central utility buildings, warehouse space, and product testing space.

Amanda Fitzgerald advised that the PILOT being considered is a deviation from the Agency's Uniform Tax Exemption Policy. She offered to any representatives from the affected Town, County, or School District who were present at the meeting to address the Board regarding such proposed deviation from the Uniform Tax Exemption Policy. There were none.

Alexis Rodriguez stated that OCIDA held a public hearing on November 6, 2025, regarding the financial assistance requested for the project. At the hearing, (22) public comments were made. (6) comments were opposed to the financial assistance requested, (6) comments were in favor of the financial assistance requested, and (10) general comments were made.

A. Rodriguez noted that the North Syracuse Central School District spoke in favor of the financial assistance requested and provided clarification as to how the PILOT would impact the taxpayers and the budget of the School District.

A. Rodriguez stated that the recording of the public hearing was sent to the members of the Board within 24 hours after the hearing was conducted and it was also posted on the Agency's website for public viewing within that timeframe.

Patrick Hogan read the Agency action requested, "A resolution of the Board authorizing the financial assistance the Agency will provide. Agency benefits requested include exemptions from certain real property taxes, real estate transfer taxes and sales and use taxes." Motion was made by Fanny Villarreal, seconded by Elizabeth Dreyfuss. Motion was carried.

4. Micron New York Semiconductor Manufacturing LLC (Rail Spur) (Project #3101-25-06A)

Micron New York Semiconductor Manufacturing LLC is proposing to construct a rail spur and construction material conveyance facility on approximately 38 acres west of 8625 Caughdenoy Road in the Town of Clay to economically transport fill and other aggregate construction material to the Micron Campus by rail.

Alexis Rodriguez stated that OCIDA held a public hearing on November 6, 2025, regarding the financial assistance requested for the project. At the hearing (8) public comments were

made. (2) comments were opposed to the financial assistance requested, (3) comments were in favor of the financial assistance requested, and (3) general comments were made.

A. Rodriguez stated that the recording of the public hearing was sent to the members of the Board within 24 hours after the hearing was conducted and it was also posted on the Agency's website for public viewing within that timeframe.

Patrick Hogan read the Agency action requested, "A resolution of the Board authorizing the financial assistance the Agency will provide. Agency benefits requested include exemptions from certain real property taxes, real estate transfer taxes and sales and use taxes." Motion was made by Elizabeth Dreyfuss, seconded by Leslie English. Motion was carried.

5. Executive Session

Jeffrey Davis asked to go into executive session for the purpose of discussing pending litigation.

Motion to enter into executive session was made by Fanny Villarreal, seconded by Elizabeth Dreyfuss.

Motion to come out of executive session was by Fanny Villarreal, seconded by Cydney Johnson.

Motion to adjourn was made by Elizabeth Dreyfuss and seconded by Cydney Johnson at 9:59 AM.

**ONONDAGA COUNTY INDUSTRIAL DEVELOPMENT AGENCY
APPLICATION FOR FINANCIAL ASSISTANCE**

1. Fill in all blanks using “none”, “not applicable” or “not available”. If you have any questions about the way to respond, please call the Onondaga County Industrial Development Agency (the “Agency” or “OCIDA”) at 315-435-3770.
2. In accordance with Section 224-a(8)(d) of Article 8 of the New York Labor Law, the Agency has identified that any “financial assistance” (within the meaning of Section 858 of the General Municipal Law) granted by the Agency to the Applicant consisting of sales and use tax exemption benefits, mortgage recording tax exemption benefits and real property tax exemption benefits, constitutes “public funds” within the meaning of Section 224-a(2)(b) of Article 8 of the New York Labor Law and such funds are not excluded under Section 224-a(3) of Article 8 of the New York Labor Law. The Agency hereby notifies the Applicant of the Applicant’s obligations under Section 224-a (8)(a) of Article 8 of the New York Labor Law.
3. If the OCIDA Board approves benefits, it is the company’s responsibility to obtain and submit all necessary forms and documents.
4. All projects approved for benefits by the OCIDA Board will close with the Agency within 6-months of the OCIDA Board approval date. If this schedule cannot be met, the Applicant will need to submit a closing schedule modification written request to the Executive Director that will be presented to OCIDA Board for consideration.
5. The Agency will not give final approval for this Application until the Agency receives a completed NYS Full Environmental Assessment Form concerning the project which is the subject of this Application. The form is available at https://extapps.dec.ny.gov/docs/permits_ej_operations_pdf/feafpart1.pdf
6. Public Officers Law stipulates all records in the possession of the Agency (with certain limited exceptions) are open to public inspection and reproduction. Should the Applicant believe there are project elements which are trade secrets if publicly disclosed or otherwise widely disseminated, would cause substantial injury to the Applicant’s competitive position, the Applicant must identify such elements in writing and request that such elements be kept confidential. In accordance with Article 6 of the Public Officer’s Law, the Agency may also redact personal, private, and/or proprietary information from publicly disseminated documents.
7. A final Application (OCIDA staff reviewed/approved) and associated fees **MUST** be received at least 10 business days prior to the upcoming Board meeting to be placed on the agenda. A signed application may be submitted by mail and/or electronically in PDF format to Alexis Rodriguez at alexisrodriguez@ongov.net.
 - A check payable to the Agency in the amount of \$1,000
 - A check payable to Barclay Damon LLP in the amount of \$2,500

This Application was adopted by the OCIDA Board on February 15, 2024.

Submit completed application to:

OCIDA Solar PILOTs Guidance and Best Practice

OCIDA SOLAR PILOTs GUIDANCE AND BEST PRACTICE

To be placed on the Agency meeting agenda, proposed solar projects must provide the Agency with the following in advance of the Project's first OCIDA Board meeting:

1. Fully completed OCIDA application.
2. Copy of Environmental Assessment Form.
3. A SEQR resolution approved by a local municipality indicating the municipality that is lead agency, the type of action (I, II, or unlisted) and, if completed, the SEQR determination made by the municipality.
4. Copies of your zoning applications submitted to the local municipality.
5. Verification of parcel subdivision process with the town (if the entire parcel will not be used for the solar project).
6. A statement clarifying whether the applicant will lease or purchase the real property on which the Project is situated. If leased, provide a copy of the proposed or executed lease. If lease parcel is less than entire parcel then see 5 above.
7. A supporting document from the local town, village, city, and/or school district outlining the agreed upon cost per megawatt to be used as a basis for the PILOT. The Agency cannot create the PILOT schedule without this information.
8. Absent a showing otherwise by the Company, deemed acceptable by the Agency in the sole and absolute discretion, the Company must close with the Agency on a project prior to consideration of any requested organizational structure or project entity ownership changes.

You will receive a draft Cost Benefit Analysis and a Draft PILOT schedule from this office. You may use these documents as your Project progresses through the Agency approval process. Agency staff are available to update these two documents as needed.

SECTION VII: For Housing Projects Only

Please answer all the questions as an addendum to this application:

Defined terms:

“Market Rate Housing”: Housing units priced at the current rental rate for the area.

“Workforce Housing”: Housing consisting of a specified percentage of units (at least 10-15% per the PILOT Exemption Scale) with rent rates designated to an 80% household AMI as identified in the Workforce Housing AMI chart located in Housing Exhibit A on the Agency's website. Income levels for individuals living in the specified Workforce Housing units shall not exceed 120% AMI.

“Senior Lifestyle Communities”: Housing communities for individuals 55 years or older. Communities may offer a variety of amenities, including but not limited to pools, community rooms, fitness centers, playgrounds, firepits, bocce/pickleball/tennis courts, picnic areas, spaces for relaxation and entertainment, safety amenities, on-site medical services, entertainment and dining, walkability, bike trails, and dog parks, playgrounds.

1. Describe the reasons why the Agency’s financial assistance is necessary. Describe how the project would be impacted if these benefits were not provided. {Section II (D)}
2. Describe how the proposed housing project fulfills an unmet need in the community.
3. Please provide a market study documenting a need for the proposed project.
4. Describe how the proposed project aligns with the Plan Onondaga County comprehensive plan. ([Plan Onondaga](#))
5. Is the Project considered infill in a populated area? If yes, please explain.
6. Is there additional infrastructure necessary to service the project? If yes, please explain.
7. Is the project a part of a larger mixed-use development? If yes, please describe.

Section VIII: Local Access Policy Agreement

In absence of a waiver permitting otherwise, every project seeking the assistance of the Onondaga County Industrial Development Agency (Agency) must use local general contractors, sub-contractors, and labor for one-hundred percent (100%) of the construction of new, expanded, or renovated facilities. The project's construction or project manager need not be a local company.

Noncompliance may result in the revocation and/or recapture of all benefits extended to the project by the Agency. Local Labor is defined as laborers permanently residing in the State of New York counties of Cayuga, Cortland, Herkimer, Jefferson, Madison, Oneida, Onondaga, Oswego, Tompkins, and Wayne. Local (General/Sub) Contractor is defined as a contractor operating a permanent office in the State of New York counties of Cayuga, Cortland, Herkimer, Jefferson, Madison, Oneida, Onondaga, Oswego, Tompkins and Wayne. The Agency may determine on a case-by-case basis to waive the Local Access Policy for a project or for a portion of a project where consideration of warranty issues, necessity of specialized skills, significant cost differentials between local and non-local services or other compelling circumstances exist. The procedure to address a local labor waiver can be found in the OCIDA handbook, which is available upon request.

In consideration of the extension of financial assistance by the Agency _____ (the Company understands the Local Access Policy and agrees to abide by it. The Company understands that an Agency tax-exempt certificate is typically valid for 12 months from the effective date of the project inducement and extended thereafter upon request by the Company. The Company further understands that any request for a waiver to this policy must be submitted in writing and approved by the Agency.

I agree to the conditions of this agreement and certify all information provided regarding the construction and employment activities for the project as of _____ (date).

John Cheney (Name of CEO or other authorized representative of Applicant)(s) confirms and says that he/she is the CFO (title) of Cameron Group, LLC (name of corporation or other entity) named in the attached Application (the "Applicant"), that he/she has read the foregoing Application and knows the contents thereof, and hereby represents, understands, and otherwise agrees with the Agency and as follows:

- A. First Consideration for Employment:** In accordance with §858-b (2) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, where practicable, the Applicant will first consider persons eligible to participate in WIA programs who shall be referred by the CNY Works for new employment opportunities created as a result of the Project.
- B. Annual Sales Tax Filings:** In accordance with §874(8) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any sales tax exemptions as part of the Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the Applicant and all consultants or subcontractors retained by the Applicant. For additional information on NYS sales and use tax see [here](#).
- C. Outstanding Bonds:** The Applicant understands and agrees to provide on an annual basis any information regarding bonds, if any, issued by the Agency for the project that is requested by the Comptroller of the State of New York.
- D. Employment Reports:** The Applicant understands and agrees that, if the Project receives any financial assistance from the Agency, the Applicant agrees to file with the Agency, at least annually or as otherwise required by the Agency, reports regarding the number of people employed at the project site, salary levels, contractor utilization and such other information (collectively, "Employment Reports") that may be required from time to time on such appropriate forms as designated by the Agency. Failure to provide Employment Reports within 30 days of an Agency request shall be an event of default under the Project closing documents. Please see this page for [ST-340](#) form required in the above referenced employment report.

- E. Housing Reports and Information:** The Applicant understands and agrees that if the Project is a housing project, the Applicant shall file with the Agency, at least annually or as otherwise required by the Agency, reports regarding the number of revenue-generating units constructed or reconstructed and the household income or tenant age, as applicable. Upon request of the Agency, the Applicant shall provide supporting documentation for all housing related information provided. Failure to provide such reports and supporting information shall be an event of default under the Project closing documents
- F. Prevailing Wage:** The Applicant understands and agrees that, if the Project receives any financial assistance from the Agency, the Applicant shall determine whether the Project is a “covered project” pursuant to Section 224-a of Article 8 of the New York Labor Law and, if applicable, the Applicant shall comply with Section 224-a of Article 8 of the New York Labor Law; and the Applicant further covenants that the Applicant shall provide such evidence of the foregoing as requested by the Agency.
- G. Compliance:** The Applicant understands and agrees that it is in substantial compliance with applicable local, state, and federal tax, worker protection, and environmental laws, rules, and regulations. The Applicant confirms and acknowledges that the owner, occupant or operator receiving financial assistance for the proposed Project is in substantial compliance with applicable local, state, and federal tax, worker protection and environmental laws, rules and regulations.
- H. The Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if financial assistance is provided for the proposed Project:**
- § 862. Restrictions on funds of the Agency. (1) No funds of the Agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.
- I.** The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any financial assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency’s involvement in the Project.
- J.** The Applicant confirms and hereby acknowledges that as of the date of this Application, the Applicant is in substantial compliance with all provisions of Article 18-A of the New York General Municipal Law, including, but not limited to, the provision of Section 859-a and Section 862(1) of the New York General Municipal Law.

The Applicant and the individual executing this Application on behalf of Applicant acknowledge that the Agency and its counsel will rely on the representations and covenants made in this Application when acting hereon and hereby represents that the statements made herein do not contain any untrue statement of a material fact and do not omit to state a material fact necessary to make the statement contained herein not misleading.

- K. The Agency has the right to request and inspect supporting documentation regarding attestations made on this application.
- L. **Hold Harmless Agreement:** Applicant hereby releases Onondaga County Industrial Development Agency and the members, officers, servants, agents and employees thereof (the "Agency") from, agrees that the Agency shall not be liable for, and agrees to indemnify, defend and hold the Agency harmless from and against any and all liability arising from or expense incurred by: (A) the Agency's examination and processing of, and action pursuant to or upon, the attached Application, regardless of whether or not the Application or the Project described therein or the tax-exemptions and other assistance requested therein are favorably acted upon by the Agency; (B) the Agency's acquisition, construction, reconstruction, equipping and/or installation of the Project described therein and (C) any further action taken by the Agency with respect to the Project, including without limiting the generality of the foregoing, all cause of action and attorney's fees and any other expenses incurred in defending any suits or action which may arise as a result of any of the foregoing. If, for any reason, the Applicant fails to conclude or consummate necessary negotiations, or fails, within a reasonable or specified period of time, to take reasonable, proper or requested action, or withdraws, abandons, cancels or neglects the Application, or if the Agency or the Applicant are unable to reach final agreement with respect to the Project, then, and in the event, upon presentation of an invoice itemizing the same, the Applicant shall pay to the Agency, its agents or assigns, all costs incurred by the Agency in the process of the Application, including attorney's fees, if any.

- Improves infrastructure and connectivity

General Statement on Cameron Group, LLC's Development Capabilities

Cameron Group, LLC has demonstrated a strong capacity to successfully develop, construct, and maintain mixed-use projects, as evidenced by the thriving Township 5 development in Camillus, New York. As the only "Live, Work, Shop, Stay and Play" center in Central New York, Township 5 spans over 500,000 square feet and includes a dynamic mix of retail, residential, office, hospitality, and entertainment spaces. Anchored by major national tenants such as Costco and Movie Tavern, and complemented by a wide range of restaurants, medical offices, and residential units, the project showcases Cameron Group's ability to create vibrant, sustainable communities.

Cameron, Through Hinsdale Road Group, LLC (HRG) on January 29, 2014 entered into a PILOT Agreement with OCIDA for the development of critical infrastructure related to the Project Township 5, Township Boulevard, Camillus, NY 13031. HRG completed infrastructure work in excess of \$7,000,000 including but not limited to a new town road, a new public pump station and extension of the sewer line for Hinsdale Road, Offsite roadwork, signalization, multiple intersection improvements, and relocation of National Grid Utilities. HRG Received A PILOT Agreement IN 2014 sales and use tax, and mortgage recording tax benefits.

Project Narrative

Church Street Station is a mixed-use project to be developed on 4 parcels of land currently owned or under contract. The main parcel +/-20 acres is currently owned by Christ Community Church of The Nazarene. Cameron Group, LLC has a signed Purchase and Sale Agreement with Christ Community, dated May 29, 2025. The closing date will be upon completion of subdivision; zone change to PUD and site plan approval.

The Project will be developed in alignment with the Town of Camillus's Comprehensive Plan, which serves as the official policy guiding land use and development within the community. The project will support the goals by promoting smart growth principles, enhancing mixed-use opportunities, and fostering a walkable, vibrant environment adjacent to the successful Township 5 development. The integration of residential and commercial uses will contribute to the diversification of land use, improve access to services, and support economic vitality in the area. The project will be developed on approximately 22.28 acres of underutilized land with convenient access to State Rt 5. It will consist of up to 18 apartment buildings ranging in size from 6,500 sf to 8,500 sf. Church Street Station will accommodate 15% workforce housing. The commercial portion of the project will have 4 to 6 buildings ranging in size from 3,500 sf to 20,000 sf. The project will create approximately 25 FTE jobs once open and approximately 75 construction jobs. The retail portion of the project will be less than 1/3 of the project.

Housing Needs Analysis

The Church Street Station mixed-use development, proposed for Hinsdale Road in the Town of Camillus, represents a timely and strategic response to the evolving housing and economic needs of Onondaga County. Located directly across from Township 5, defined as an Emerging Center in Plan Onondaga, this project is ideally positioned to complement existing commercial and residential infrastructure while addressing critical gaps identified in the county's comprehensive planning documents.

According to the Plan Onondaga and the Housing Onondaga June 2024 Report, Onondaga County is projected to experience significant household growth—over 7,000 new households in Syracuse and nearly 17,000 across the rest of the county by 2040. This growth is driven in part by major economic developments such as the Micron Technologies. The Housing Onondaga analysis highlights a mismatch between the county's existing housing stock and the needs of future households. Traditional single-family homes are no longer sufficient to meet the demands of smaller, aging, and increasingly renter-oriented households. The report calls for a shift toward more diverse housing types, including smaller units and rental options, particularly in suburban areas like Camillus.

Church Street Station directly aligns these recommendations by offering a mix of residential, retail, and office space that supports both economic development and housing diversity. The inclusion of rental housing options will help meet the needs of young professionals, retirees, and small households - groups that are growing in number and underserved by current housing stock.

Moreover, the project is expected to generate substantial employment opportunities and will contribute to infrastructure improvements including road upgrades and utility enhancements. These benefits, combined with the project's strategic location and alignment with county planning goals, make Church Street Station a compelling candidate for OCIDA support through PILOT agreements, tax exemptions, and other incentives.

See Excerpts from Plan Onondaga and Housing Onondaga on the following pages.

NG WEST

Onondaga County, New York, is a rural county with a population of approximately 100,000. The county is home to several small towns and villages, including Onondaga, which is the county seat. The county is known for its scenic views of the Finger Lakes and its rich history. The county is also home to several large corporations, including General Electric and IBM. The county is a major center for manufacturing and services. The county is also home to several universities, including Onondaga Community College and SUNY Onondaga.

Outer Ring West had nearly 1,500 cost burdened renters with incomes under \$50,000 struggling with affordability as of 2022.

The number of elderly households increased by over 28% from 2000 to 2020, and the number of senior households exiting the ownership market is projected to increase from an average of about 195 per year in the 2010s, to about 200 per year in the 2020s, and 270 per year in the 2030s.

Planning for Strong Centers

Plan Onondaga seeks to foster investment in existing and new multi-modal centers throughout Onondaga County. Existing and emerging centers have been identified based on their ability to support additional growth, access to water and/or sewer infrastructure, and potential to be located adjacent to transportation infrastructure including enhanced bus service, bicycle lanes, and pedestrian sidewalk and trail networks.

Traditional Center

Traditional Centers represent villages, hamlets, and city neighborhoods that exhibit a longstanding mixture of uses, infrastructure for walkability, parks, schools, and other quality of life amenities. These areas require ongoing investments in infrastructure and amenities to maintain their vibrancy and character.

Emerging Center

Emerging Centers are located along existing commercial corridors where there are opportunities for improving walkability, incorporating mixed-use development, and connecting to transit service. These areas will accommodate new growth and development with a mixture of housing options.

Town Growth Center

Town Growth Centers represent opportunities for the establishment of new mixed-use districts at a neighborhood scale complete with bicycle, pedestrian, and transit facilities. These investment zones will accommodate regional services, offices, dwelling units, park space, entertainment, and restaurants, and will provide integrated mobility access with designated transit hubs that accommodate multiple modes. These areas are intended to respond to future growth pressures with a variety of housing types.

City Center

City Center represents Downtown Syracuse and surrounding neighborhood areas that consist of multi-story mixed-use buildings, arts and cultural institutions, government buildings, colleges and universities, complete bicycle and pedestrian networks and infrastructure, parks, and transit facilities. Downtown Syracuse is the heart of Onondaga County and requires ongoing investments in infrastructure and amenities to maintain its vibrancy.

Employment Center

Employment Centers are unique districts of significant economic activity including traditional and high-tech manufacturing, research and development, warehousing and distribution, logistics, offices, and support services. These areas typically do not include housing, but are accessible by transit. They are connected to the broader mobility system of roads, bicycle infrastructure, and trails. They also require significant ongoing infrastructure investments to provide adequate water, wastewater, power, and telecommunications to support business activities and therefore their siting is important.

Re: Letter updating projects costs stated in OCIDA modified Application
dated 10-31-22; Peregrine Senior Living Memory Care at Fayetteville,
NY

Dear Mr. Petrovich:

On December 20, 2022, based on an application submitted by Peregrine Holdings, LLC, an approving resolution (3101-22-09A) was issued by the Onondaga County Industrial Development Agency authorizing a lease/leaseback transaction for Fayetteville MC Owner LLC and PSL of Fayetteville LLC regarding the construction and operation of a 64- bed assisted living memory care community known as Peregrine Senior Living Memory Care at Fayetteville located at 3965 Medical Center Drive in the Town of Manlius, New York. This letter is offered to update and amend the application submitted and approved by OCIDA. Although the project has been delayed, the transaction structure of the project and established benefits of the project to the community are substantially the same. The facts remain that if not for OCIDA's assistance, construction and operation of the project would not be possible. The project's owner and operator as stated in the subject Resolution remain the same.

The capital cost is substantially increased from the amount of \$ 18,938,641 in the application to the amount of \$21,627,279.

Financing Summary in OCIDA 10-31-22 Modified Application

Primary Equity	6,628,524
Bank Mortgage Loan	12,310,117
Total Sources	18,938,641

Revised Financing Summary

Developer Equity	6,227,279
Lyons Bank Mortgage	15,400,000
Total Sources	21,627,279

The application stated that construction was anticipated for 2023. It is now anticipated that the Lyons Bank financing to construct the project will occur December 2025, and operations will begin March 2027. Final costs and contingencies will be stated in closing documents which will include the OCIDA lease/leaseback transaction documents.

If you require additional information, please do not hesitate to contact me.

Sincerely,

Mark D. Farchione
President
